

How The Franzen Makes You Profitable!

Now that you know what the Franzen is, how easy it is to use and how precisely it sharpens every chain with virtually no maintenance, let's see how the Franzen can help build your business' profits and pay for itself.

With the Franzen you can charge
\$5.00 per chain @ 12 chains per day @ 252 days per year = **\$15,120.00**

PLUS

Labor you're able to bill out for another job your employee is able to work on while the Franzen does the sharpening
2 hrs. per day @ \$45.00 labor rate @ 252 = **\$22,680.00**

EQUALS

A profit GAIN of
\$37,800.00

That's profit that goes straight to your bottom line! That means within six-eight months the Franzen can pay for itself and more than double your profits. But this is just an example. You can enter your figures below to find out how much the Franzen can make for you.
